## ERRATA

For "A Unified Model of Cabinet Dissolution in Parliamentary Democracies," by Gary King, James E. Alt, Nancy Elizabeth Burns and Michael Laver. 34:3 August 1990.

In Footnote 18 on page 866, the parenthesis at the end of the second line of the set equation should be deleted. The equation in the second to last line of this footnote should read " $\exp(-0.384 \times 1) = 0.68$ ." The N's for Portugal and Sweden in Table 3 were switched (Portugal should be 10 and Sweden should be 20). Finally, estimates without leading zeros in Tables 1 and 2 should be rounded to two digits due to the limits of computational precision.
